

626 Adelaide St W, Toronto ON, M6J 1A9

What our sellers love about their home!

"Living in this neighbourhood has been an absolute pleasure. With shops, music venues, and sports arenas within walking distance, there's always something to do. We've loved exploring the restaurants, galleries, and food shops. Trinity Bellwoods Park provides a perfect escape for relaxation and recreation.

The central location in the downtown core makes everything accessible. We're close to shopping malls, and the King streetcar offers easy access across town.

Our home has no sub-basement, so everything is conveniently on the ground floor and up. We've never experienced leaks or major problems, and it's always warm and cozy in the winters. Built in the 1980s, the house is sturdy, strong, and spacious. We love the open main floor and our kitchen for entertaining our family and friends. The garage and driveway are very convenient because we've never had to worry about parking.

The community is great, with neighbours who truly care about each other, making it a wonderful place to call home."
